

A woman with blonde braids, wearing a black tank top and leggings, is performing a barbell exercise in a gym. She is holding a barbell with large black weights across her shoulders. In the background, other people are visible, also working out with barbells. The gym has a brick wall and various exercise equipment.

FITLINKS

#smarterrecruitment

Introducing your new recruitment solution

FitLinks is a young and vibrant company providing a dedicated online recruitment solution for the fitness industry. We are based in London but our services cover the entire UK.

With over 60 years of industry experience as operators, suppliers and recruiters the founders of FitLinks have a wealth of experience and understand the challenges faced when recruiting.

We are dedicated to providing a cost effective, convenient, time saving and results driven solution to meet your recruitment needs.

Our simple, yet intuitive solution takes the hassle out of recruiting and gives you full access and control online. From creating your ad to managing your applicants it's all available at a click of a button.

A photograph of several people in a gym setting, leaning forward in a starting position, ready for a race or workout. The image is slightly blurred, emphasizing motion and energy. The text 'Intuitive - Innovative - Powerful' is overlaid in large, white, bold letters across the middle of the image.

Intuitive - Innovative - Powerful

Giving you more...

Intuitive Online Solution that matches you with candidates.

Think online dating meets recruitment. Create your profile and job ad and at the click of a button you will receive a selection of candidates, personally matched to your requirements. No need to wait for applicants to apply, your results are there within seconds for you to shortlist and contact directly. To help you in choosing your dream employee, each candidate will have an interactive profile giving you the chance to get to know them a little better.

Company Profile Page

Promote your brand with an engaging company profile. Features include embedded social media feeds, video, images, text, follow button and latest vacancies.

Interactive Job Adverts

Bring your job advert to life with both an image and a video allowing candidates to find out more about your brand whilst increasing applications.

Interactive Job Seeker Profiles

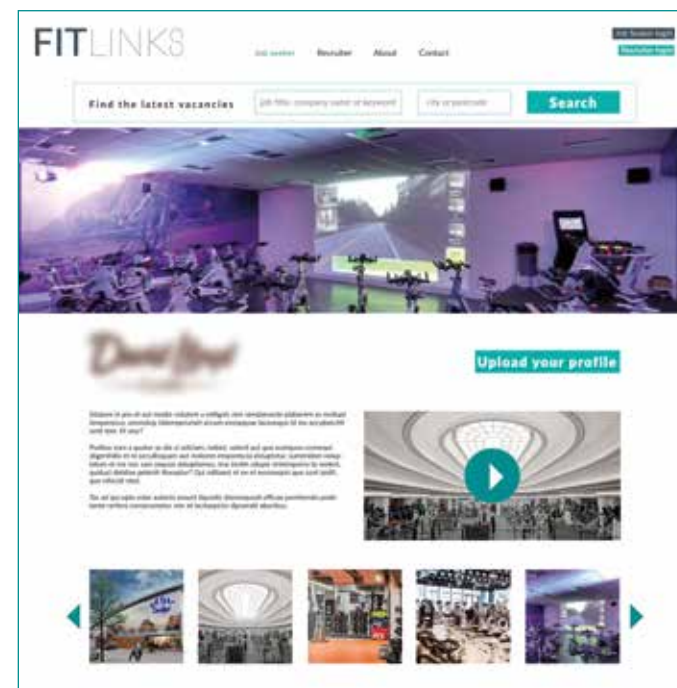

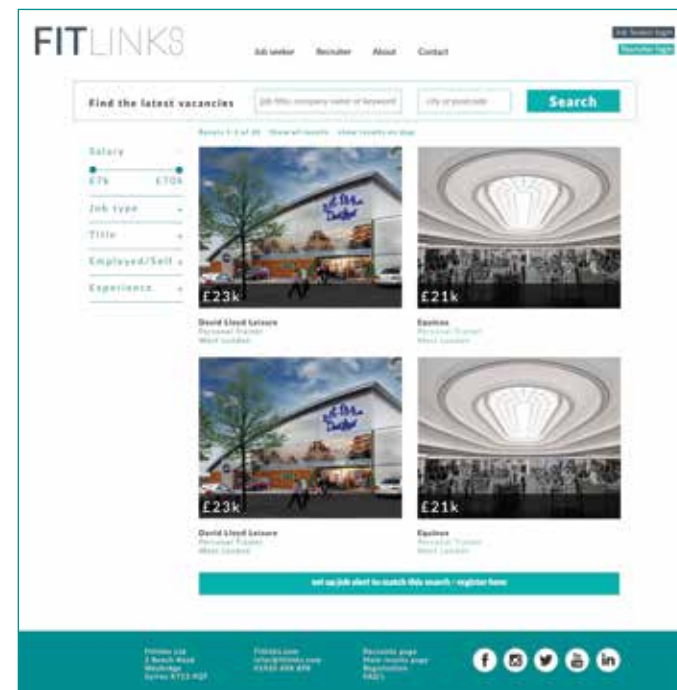

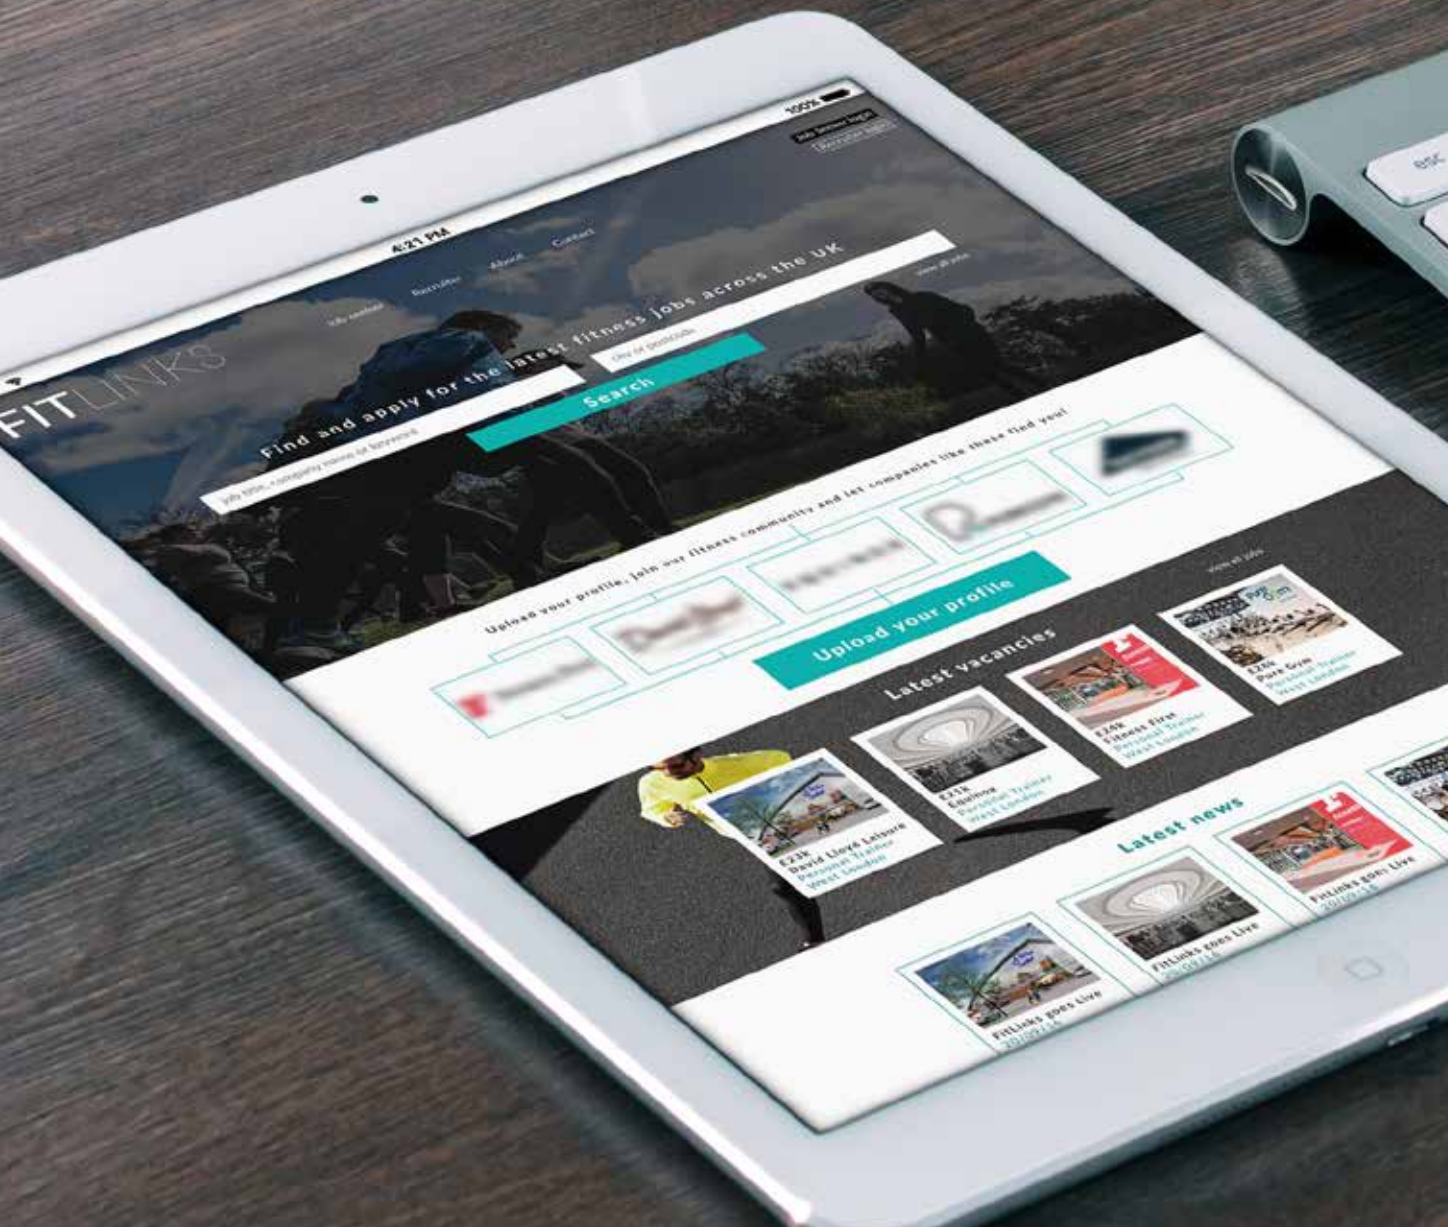

Find out more about candidates with our interactive profiles. Featuring photo, video, text and CV upload.

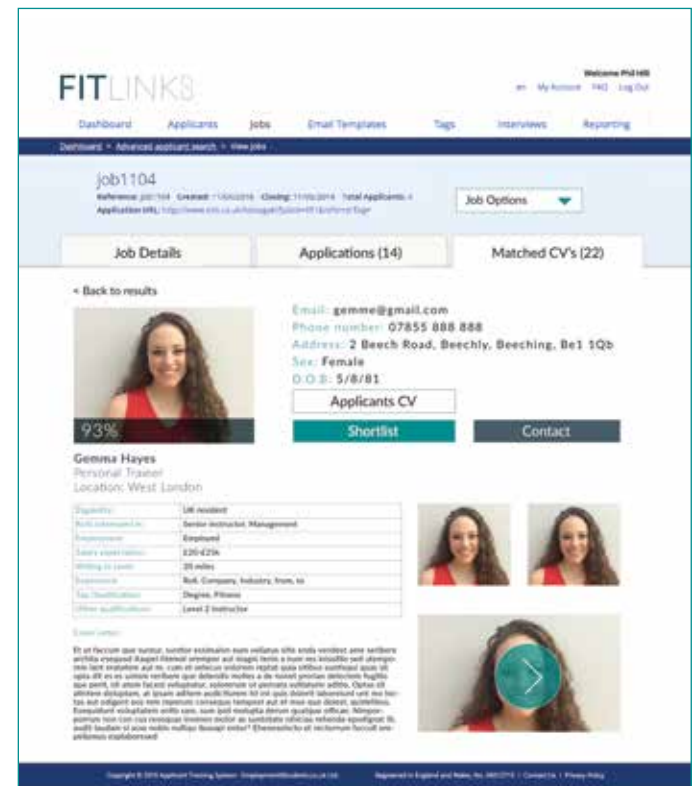

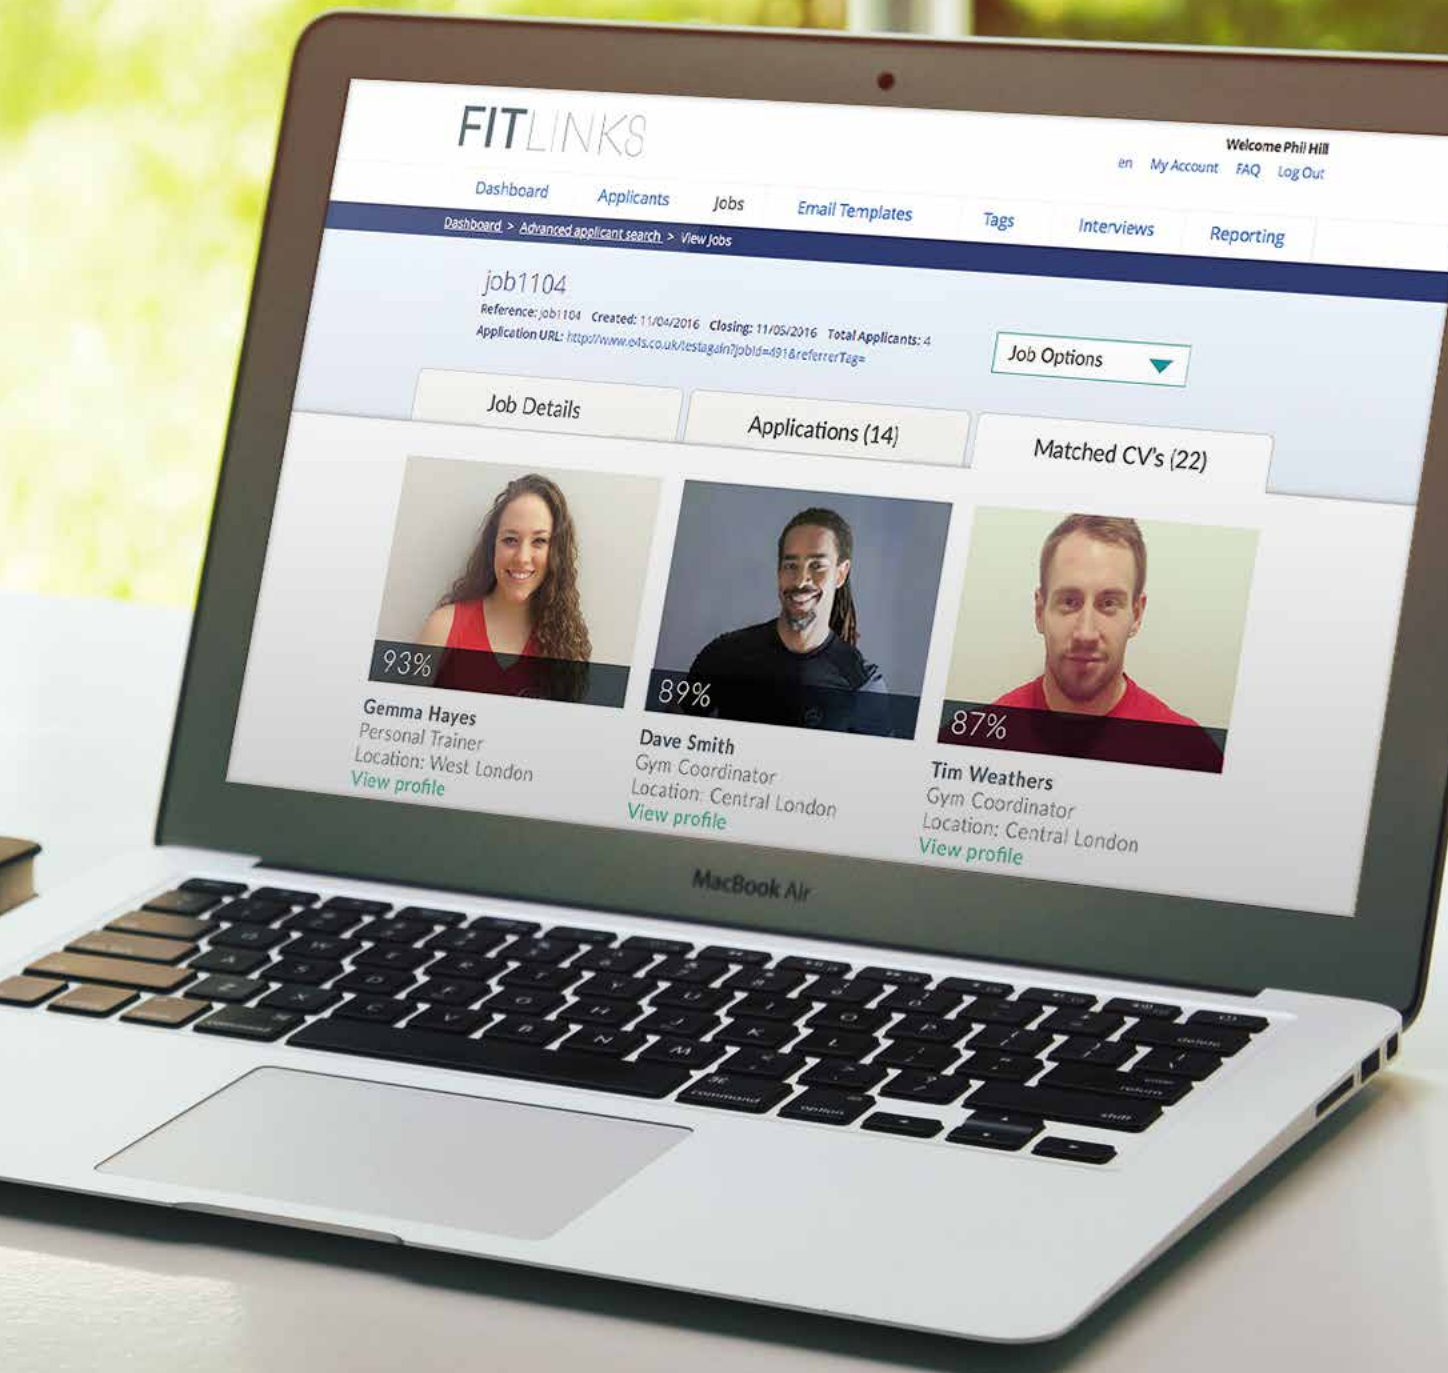

Dedicated Account Manager

Whether you're a multi-national or a small business you will have your own dedicated account manager who will be there to ensure you get the best applicants for your position.

Applicant Tracking System

Streamlining your recruitment processes to save you time and money. From tailored results, shortlists, emailing, document upload and reporting.

Applicant Tracking System

Helping you streamline your recruitment processes

Funnelling

Create up to seven custom recruitment stages to allow you to process candidates in a structured way and report on each stage.

Email System

Intelligent emails system allowing you to set up a number of triggered automated emails. Full templating and personalisation.

Tagging

Use tags to mark/group candidates allowing you to find them again very quickly and easily.

Document Upload

Simple upload capability from desktop, mobile or tablet. Attach any required documents such as passport or visa copy to candidate record.

Notifications

Be notified on the dashboard when you receive applications or new matched candidates or when jobs are about to expire.

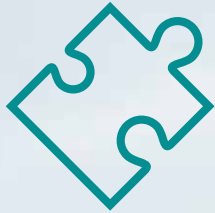

Reporting

A selection of basic reports allowing you to gather the information you require.

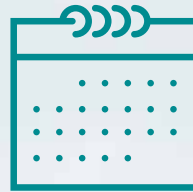

Premium Applicant Tracking System

It just gets better... The Premium Applicant Tracking System includes all of the above plus the following additional functionality:

Custom Integrations

We are already integrated with various payroll/HR systems and multi-posting sites. We can assess your required and integrate where necessary.

Interview Scheduling

Create interview/assessment day slots and invite shortlisted candidates to select an interview slot that suits them. Notifications are sent to both parties. Automate and manage your whole interviewing process, and reduce drop-offs and no-shows.

Reporting

Customised reporting tailored specifically to your business needs.

Onboarding

Once you have decided to hire a candidate our system can automatically collect all of the additional information you require from them.

Referencing

Let our system take the leg work out of collecting reference. The ATS will automatically request and chase references for you.
