Job offers generally remain on our website for 4 weeks, readily available to our 40,000+ visitors. On skywalker.gr we only choose modern means of communication (social networks, e-mail campaigns etc.) to ensure ongoing traffic.

Resume Database

Job applicants visiting skywalker.gr may opt to create a free account, customize their professional profile and upload their resume. By maintaining a subscription with our website, your company will have access to our resume database, in order to find the ideal candidates and contact them. Through our resume management system, skywalker.gr ensures the available resumes belong to real job seekers who are genuinely interested in finding a job or professional opportunity.

Company Profile

If your company purchases large-scale job offers, you may opt to upload on skywalker.gr your company's profile (which will be viewable by clicking on your company's logo). By doing so, you will give job applicants easy access to all the information they might need about your company.

Newsletter

Another way you can promote your company is by sending a newsletter to our members. Among the 150,000+ members of our database are both job seekers and company members. Your company may have its own newsletter or may enter a group newsletter along with up to other three companies.

Skywalker Free Press

Since 2013 Skywalker.gr has been issuing its own weekly free press, informing those with no internet connection about the latest job listings. Every Tuesday 25,000 copies are distributed over 20 metro and ISAP stations in Athens, and over 140 sites around Greece. Our 32-page newspaper also hosts articles and advice related to the job market as well as previously unadvertised jobs.

International Recruiting

If your company operates globally we have something for you too. Skywalker.gr is member of "The Network", a job board network stretching over 132 countries. We will answer your needs in any country.
