Audience

Users

Our users are seasoned designers looking for opportunities in leadership and management roles, both in design and advertising agencies or studios, in-house teams of well known organizations, and tech companies, from startups to FAANGs (Facebook, Amazon, Apple, Netflix and Google).

Partners

Our partners are organizations working in the advancement of design management and leadership as a discipline, conferences, executive education programs, software companies, media outlets and any kind of company trying to reach high profile designers in top companies.
